RESPONSE TO NOTIFICATION OF DEFECTIVE RESPONSE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In the above-identified application, Applicant has received a Notification of Defective Response (the "Notification") mailed October 14, 2008 regarding the Sequence Listing filed September 26 2008. Applicant notes that the Notification did not include a marked-up "Raw Sequence Listing" and Applicant never received a copy of an error report. Applicant therefore searched PAIR and found the error report issued on October 10, 2008, setting forth that the <213> response for SEQ ID NO:1 is invalid. Applicant hereby submits a corrected Sequence Listing in computer readable form (CFR) which recites "Artificial Sequence" in the <213> response and "Synthetic Construct" in the <223> response as suggested by the error report. No new matter has been added. The corrected Sequence Listing filed herewith does not go beyond the disclosure of the present application as filed or the Sequence Listing filed on September 26, 2008. The Commissioner is hereby authorized to charge any underpayment to Deposit Account No. 50-0951. Applicant requests entry of the corrected Sequence Listing filed herewith into the application and examination on the merits is respectfully requested.

Respectfully submitted,

AKERMAN SENTERFITT
